Bridal and occasion styling at home in Schiedam

In Schiedam you can request hairstyling, hijab styling and makeup at home for a wedding, engagement or celebration. Say which combination you have in mind.

A bride and guest at one address

For instance, the bride may want a bun, veil and makeup, while her guest wants hijab styling only. List each person’s choices so Sinem can look at the timing for both.

Keep each person’s accessories together

Lay each person’s scarf, undercap and jewellery beside their outfit. Two folded ivory scarves can look very similar even if only one shade works with the wedding dress.
