Does Sinem charge a call-out fee for home styling?

No. Sinem does not charge a call-out fee for hair, hijab styling or makeup at home. If you want hair and makeup, for example, ask for the total for those two services. Share the address where you will actually be getting ready, including when that is a family member's home.

If your getting-ready address changes

Send the final address and the time you need to be ready once the location is settled. On your wedding day that may be somewhere other than your home address.

What if you add another service?

If your first quote covered just a hairstyle and you now want makeup too, ask for the revised styling price. There is still no call-out fee for the home visit.
