Planning your veil and hair accessories in Schiedam

If you already have a veil, comb or hairpin for your Schiedam wedding, discuss with Sinem how you'd like to wear it. If you're still looking for a piece, ask what you'll need to source.

Check how it fastens

Photograph both sides of the top edge. A sewn-in comb attaches differently from a plain tulle edge. Mention if you'd like to take the veil off after the ceremony.

Try the veil and decorative comb together

A decorative comb can disappear beneath tulle. Look at the comb and veil layered together in a mirror. Tell Sinem if you want the ornament to be revealed only after you remove the veil.
