Combining hair, hijab and makeup in Rotterdam

Ask Sinem about bridal or occasion hair, hijab styling, makeup, or a combination of these services. If you're sharing one address, list what each person wants.

One appointment, different requests

A bride may want a bun, veil and makeup while her sister wants only a scarf draped. Ask for a price for those specific services and agree who will go first.

Whose accessory needs room?

If several people share a small room, keep the longest veil out of the walkway. Hang it beside the dress so the tulle is clear of the spare chair.
