How experienced is the hijab stylist in Utrecht?

Sinem has 20 years of experience in styling for weddings, engagements and special occasions. For an appointment at home in Utrecht, you can discuss which fabric, folds and veil work with your outfit.

Ask about a specific detail

For instance, ask how a smooth scarf can sit over a low bun or how a veil can be removed after the ceremony. This makes the conversation about the part of the look you're unsure of.

Look for examples in a similar fabric

Folds made in firm crêpe look different in fine satin. When you look through Sinem's work, ask for an example using fabric that behaves like your scarf.
