Can one person book hijab styling at home in Utrecht?

Yes. You can request an individual hijab styling appointment at home in Utrecht. You don’t need to put a group together to avoid travel costs. Sinem charges no travel fee.

If someone wants to join later

Share the additional person’s service request as soon as you know. Ask whether there’s room in the schedule and what the revised total would be.

Plan around your own departure time

For a solo appointment, work back from your first fixed commitment, such as your train to the ceremony or a photo with the bride. Leave time to finish dressing afterwards.
