Which makeup looks can I request from Sinem?

You might want a soft daytime look or more definition for an evening celebration. Start with what you enjoy wearing and tell Sinem whether you would like the emphasis on your eyes, lips or a fresh complexion.

Choose the feature you want the camera to pick up

If you want your eyes to stand out, show a photo of your everyday eyeliner and point out what you would change. An extended outer corner gives a different starting point from a darker line along the lashes.
