Can I borrow, hire or buy an accessory for my appointment?

If you have a particular comb, veil or ornament in mind, send a photo and ask what is available for your date. Agree in advance who will supply the item, who keeps it afterwards and whether there is a charge for the accessory.

Agree the terms for a borrowed piece

If the piece is available to borrow or hire, agree who will bring it, whether a deposit applies and where to return it afterwards. You will know what to arrange before the wedding day.
