How do I get a quote for my engagement or wedding in Almere?

For an engagement or wedding in Almere, ask for a quote for the styling you actually want. If the engagement calls for hair alone and the wedding also includes makeup or a veil, list each day separately. Say who is getting ready on each date so you can compare what each quote covers. There is no travel fee.

An engagement and a wedding on separate dates

If the two celebrations are on different days, list the look you want for each date and ask for two separate prices. That way you know exactly what you are booking for each event.
