How do I arrange hair and hijab accessories for my appointment in Almere?

If you already have a pin, headband or veil for your Almere appointment, send a photo that shows the fastening. If you still need a particular item, agree beforehand what is available and who will bring it on the day.

A borrowed pin or family heirloom

If a borrowed piece mustn't be bent or stitched onto fabric, say so before the appointment. Bring its own box so the clasp and any loose parts can go straight back in after the party.
