Can I have my hijab styled at home in the Netherlands?

Yes. Sinem offers at-home hijab styling by appointment in the Netherlands. You can discuss a look for a party outfit, an engagement dress or a wedding dress with a veil. Send your date and postcode to check availability.

Choose the privacy you want at home

If you want privacy while changing your undercap or scarf, choose a room with a door you can close. Let anyone else at home know when they can come in again.
