Can I book hair and makeup together in Almere?

Yes. You can request hair and makeup in the same Almere appointment. Describe the hairstyle and makeup you want and ask for a combined quote. Your confirmation can then specify exactly which services have been booked.

If part of the look is booked elsewhere

If you have a separate lash appointment, include its time when arranging hair and makeup. Sinem will know when you'll be home and which part of your look is already taken care of.
