Can I request a home styling appointment in Maastricht?

For Maastricht, send your date, postcode and preferred services. If the ceremony is early, include the time you need to leave home. Sinem can confirm whether an appointment at that address and time is available.

If you’re staying in a Maastricht hotel

For styling in a hotel room, ask reception how a visitor can reach your room. Give the hotel name and street address when enquiring, then share the room number once you’ve checked in.
