What special occasions can I arrange at-home styling for?

You can request at-home styling for a wedding, engagement, civil ceremony, henna night or family gathering. For a graduation you might prefer a more understated occasion look. Mention what you plan to wear and when the celebration starts.

From graduation ceremony to family celebration

If you're wearing a graduation cap, try it on with the hairstyle you have in mind. A low ponytail leaves room at the crown, and you can add a decorative clip beside it for family photos afterwards.
