Which areas can I request home styling in?

You can enquire with your postcode in the Netherlands, including in Amsterdam, Rotterdam, The Hague, Utrecht and Almere. For another town, send the date and address as well. Sinem checks availability and charges no travel fee.

Which postcode matters when the wedding is elsewhere?

Suppose you live in The Hague, get ready with family in Delft and marry in Rotterdam. Give Delft as the styling address. Mention the venue separately if it sets the time you need to leave Delft.
